1 Issue

This MCR addresses ticket:

<https://sourceforge.net/p/dps8m/tickets/37/>

There is a typo in the file `>t>acct_start_up.ec`. The message:

```
(asu.ec): Pausing 10 seconds to allow completeion of SAT installation
```

should be

```
(asu.ec): Pausing 10 seconds to allow completion of SAT installation
```

2 Proposed Change

The proposed change is to correct the spelling of the word "completion".
